About Surakshit Bharat 2027

Surakshit Bharat 2027 is a global platform dedicated to Homeland Security, Public Safety, Critical Infrastructure Protection and Emergency Preparedness, bringing together government agencies, security forces, technology providers, industry leaders and innovators to shape the future of a safer and more resilient India.

As security challenges become increasingly interconnected across the physical, digital and urban environments, the need for integrated surveillance, intelligent command and control, secure communications, border security, emergency response and critical infrastructure protection is becoming more important than ever. India is also strengthening the modernization of police and security forces through advanced technology, communications and specialized capabilities.

Surakshit Bharat 2027 will showcase next-generation solutions across AI-enabled surveillance, smart policing, border and coastal security, biometrics, access control, security communications, drones and counter-drone systems, critical infrastructure protection, emergency response, fire and safety, cyber-physical security and integrated command & control systems.

The event will create a high-value B2G, B2B and knowledge-sharing platform connecting Ministry of Home Affairs and State Home Departments, Police Forces, CAPFs, Armed Forces, intelligence and security agencies, airports, ports, critical infrastructure operators, municipal authorities, technology companies, OEMs, MSMEs and startups. With a strong focus on innovation, indigenous technologies, inter-agency collaboration and national resilience,

Surakshit Bharat 2027 aims to contribute to India's vision of building a secure, smart, resilient and self-reliant Bharat, supporting the broader goals of Aatmanirbhar Bharat and Viksit Bharat 2047.

Why To Participate

Connect with Security Decision-Makers – Engage with senior officials from police forces, CAPFs, government agencies, critical infrastructure organisations and security establishments.

Showcase Security Solutions – Demonstrate advanced technologies for surveillance, public safety, smart policing, border security, emergency response and infrastructure protection.

Access Government & Institutional Opportunities – Explore B2G, B2B and institutional procurement, technology adoption and project opportunities. India's police modernisation programmes specifically support the acquisition of advanced surveillance, communications, forensic, cybercrime and security technologies.

Meet Key Technology Buyers – Network with procurement heads, security professionals, police leadership, infrastructure operators and technology decision-makers.

Explore Smart & AI-Enabled Security – Discover opportunities in AI-powered surveillance, video analytics, command-and-control systems, biometrics, sensors and intelligent threat detection.

Build Strategic Partnerships – Connect with OEMs, system integrators, MSMEs, startups, research institutions and global security technology providers.

Support Indigenous Security Innovation – Position your products and technologies within India's growing focus on modernising and strengthening domestic security capabilities.

Address Emerging Security Challenges – Understand evolving requirements across urban security, critical infrastructure, border management, cyber-physical threats and emergency response.

Strengthen Brand Visibility – Showcase your capabilities before a focused audience of government, security, infrastructure and industry stakeholders.

Learn, Network & Collaborate – Participate in expert discussions, technology demonstrations and industry interactions focused on building a safer, smarter and more resilient Bharat.

Exhibitor Profile

Security & Surveillance Systems
AI-Powered Video Analytics
Smart City & Safe City Solutions
Command, Control & Communication Systems
Border & Perimeter Security
Critical Infrastructure Protection
Airport & Port Security
Access Control & Biometrics
Facial Recognition & Identification Systems
ANPR & Traffic Surveillance
Drones & Aerial Surveillance
Counter-Drone & Anti-Intrusion Systems
Sensors & Intrusion Detection
Security Screening & Detection Systems
Explosive & Threat Detection
Police Modernisation Technologies
Smart Policing & Law Enforcement Solutions
Emergency Communication & Response Systems
Public Safety & Emergency Management
Fire & Life Safety Systems
Cyber-Physical Security Solutions
Secure Communication & Networking
Body-Worn Cameras & Mobile Surveillance
K9 & Security Support Technologies
Security Vehicles & Mobile Command Systems
Perimeter Protection & Access Barriers
Security Software & Integrated Platforms
Critical Communications & C4I Solutions
Security Equipment & Protective Systems
Defence & Homeland Security Technologies
MSMEs & Startups
R&D and Technology Institutions
Training & Skill Development
Security Consultants & System Integrators

Visitor Profile

Ministry of Home Affairs & Government Departments
State Home Departments
Central Armed Police Forces (CAPFs)
State Police Forces
Intelligence & Security Agencies
Border Security & Coastal Security Forces
Defence & Armed Forces
Airport & Aviation Security Agencies
Port & Maritime Security Organisations
Railway & Transport Security Agencies
Critical Infrastructure Operators
Smart City & Urban Local Bodies
Municipal Corporations & Civic Authorities
Disaster Management & Emergency Response Agencies
Fire & Emergency Services
Customs & Border Control Agencies
Prisons & Correctional Institutions
Law Enforcement & Investigation Agencies
Public-Sector Undertakings
Banks & Financial Institutions
Telecom & Data Centre Operators
Energy, Power & Utility Companies
Oil, Gas & Petrochemical Industries
Industrial & Manufacturing Enterprises
Security Consultants & System Integrators
Procurement & Security Professionals
Technology Companies & OEMs
MSMEs & Startups
Research & Academic Institutions
Industry Associations & Professional Bodies

Participation Details

Standard Walk On

Showcase Launch Demonstrate

Facilities

- 1 Table
- 2 Chairs
- 3 Spotlight
- 1 Power Socket
- Tea/Coffee
- Lunch for 2 Pax

Premium Walk On

Facilities

- 1 Table
- 2 Chairs
- 3 Spotlight
- 1 Power Socket
- Flex Posters for 3 walls
- Tea/Coffee
- Lunch for 2 Pax

Bare Space

Facilities

- 1 Power Socket for 9 Sqr Mtr Each
- Electricity as per requirement
- Tea/Coffee
- Lunch for 4 Pax

Award Categories

Recognition of Excellence

Homeland Security Excellence Award

Recognizes excellence in homeland and internal security.

Public Safety Innovation Award

Honours technologies improving citizen safety and emergency services.

Smart Surveillance Excellence Award

Recognizes innovations in surveillance and monitoring systems.

Emerging Startup of the Year Award

For startups developing technologies and Solutions in Homeland Security Industry

MSME Excellence Award

For MSMEs driving innovation in Homeland Security Industry

Women Leader in Forensic Science Award

Honours women leading advancements in Homeland Security Industry

Lifetime Achievement Award

Recognizes outstanding lifetime contributions to Homeland Security Industry Ecosystem

About Organizer

Trade Promotion Council for Geospatial and Space Industry (TPCGSI) is the not-for-profit apex body representing the interests of Geospatial, Space, Unmanned Systems and Aerospace industries in India and works towards the advancement of these technologies and its applications. TPCGSI is a very strong platform for exchanging ideas, techniques, approaches, and experiences by those who design, implement, and use these technologies and solutions. The Major objective of TPCGSI is to accelerate the adoption of Geospatial, Space, Unmanned Systems and Aerospace industries in India and to ensure that government, industry, academia, and society as a whole understand both the needs of this industry and its contribution to the nation's development.
